

NATURE BINGO

While you walk through the park, look for items from the card. As you see things from the pictures, mark its picture with an "X". When you get four in a row going vertically, horizontally, or diagonally yell "BINGO!" (Don't yell too loud though, or you'll scare away the possibility of seeing wildlife).

Parts of this activity were taken from *WOW! The Wonders of Wetlands* published by Environmental Concern Inc. and The Watercourse, 2003.
